PREFACE.

Mr. Charles Morris has been for many years an ardent collector, and the dispersal of his fifty years of work in the field of Numismatics will prove an opportunity to collectors to add to their collections. This catalogue describes Part I of his collection, the balance to be sold later will chiefly consist of his unapproachable collection of Canadian coins, tokens and medals. Careful perusal of the following pages will disclose many desirable pieces, notably the Sommer Islands; N. E. and Pine Tree shillings; the two Highley coppers; New Yorke token; Standish Barry three pence; Bechtler gold coins; Philadelphia shilling; splendid set of rare half cents; great silver medal given to Indian chief by George Washington, etc.

All coins or medals are guaranteed genuine, and this holds good indefinitely.

Catalogue with 5 plates and portrait will be supplied on receipt of \$1 before the sale; or after sale, hand priced, for \$1.65. Catalogue, without plates, priced after sale, for 65c. cash with order.

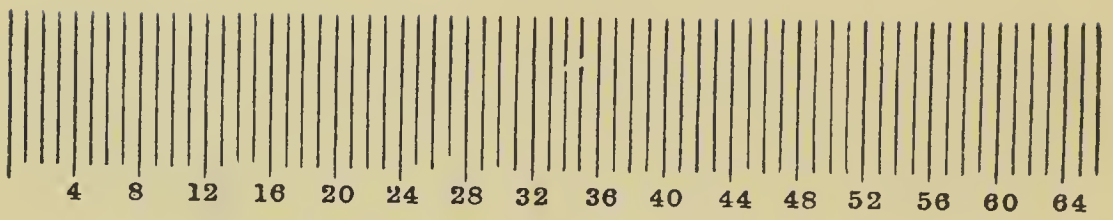

We charge 10 per cent. commission on the *amount purchased*. The auctioneers will execute bids free of charge, but they assume no responsibility, and require payment to be made prior to shipment of the goods.

Collectors desiring to bid will please submit their bids as soon as possible, that they may be examined, and if there are apparent errors they will be notified. First day's sale will comprise Nos. 1 to 652. Second day the remainder.
